Dear Legislator:

We appreciate the extraordinary challenges you and your colleagues have been asked to meet this session, and realize that your time is very limited to absorb the scope, complexity, and nuances of pending charter school legislation.

We do believe the legislation is vitally important, for social, economic, and educational reasons; and to strengthen our public education system for all children in Maine to meet the demands of the 21st Century.

This Briefing Book is designed to help you answer the frequently expressed concerns about charter schools. Please let us know if you have any questions.

Sincerely,

Roger W. Brainerd, M.Ed.
